## Our Mission

The Lemons of Love mission is to provide support and community to those impacted by cancer. We believe all people living with cancer can benefit from the power of human connections.

## Our History

Lemons of Love, a 501c3 nonprofit organization, was created in 2014 when founder Jill Swanson Peltier was diagnosed with stage III colon cancer. As she began chemotherapy, a friend gave Jill a small goodie bag filled with items to help her through treatment. Touched by the kindness and thoughtfulness of this gift, she knew this was something every cancer patient should receive. Jill envisioned giving others the same kind of love and support with a simple gift that makes a big impact. Today, Lemons of Love shares chemo care packages with cancer patients around the world and provides programming at its Lemons of Love Cancer Resource Center in Mt. Prospect, Illinois.

## The Lemons of Love Chemo Care Package Program

It can be difficult to know how to help family, friends and co-workers who are diagnosed with cancer and going through chemotherapy. Sending a Lemons of Love chemo care package is a great way to show support from near or far. Our packages are filled with carefully-selected products to help ease the short-term side effects of treatment and are designed to brighten a cancer patient's day. To order or for more information, please visit [www.lemonsoflove.org](http://www.lemonsoflove.org).

## The Lemons of Love Cancer Resource Center

In 2018, we opened the Lemons of Love Cancer Resource Center because we believe that everyone affected by cancer belongs in a community of love and support. We kicked off our inaugural program year in 2019 with yoga, meditation, creative arts, and more. For program details or volunteer opportunities, visit [www.lemonsoflove.org](http://www.lemonsoflove.org) or follow us on Facebook.
