Help Lemons of Love Make Lemonade and Win a Race Car!

Daytona Beach, FL, February 2, 2021 - For the fifth year in a row, [Lemons of Love](#) is giving away a fully-built [Mazda MX-5 Cup](#) race car for the cost of a \$100 ticket, and all proceeds will benefit Lemons of Love!

The Mazda MX-5 Cup car is a race car based on a brand new fourth-generation club trim level MX-5 built by [Flis Performance](#) in Daytona Beach, Florida, and is valued at \$85,000.00.

The race car includes a custom Lemons of Love yellow roll cage and more than 250 race-car specific parts.

It includes component sealing and authentication tracking for parity in several of the race series in which the car competes.

[Each entry ticket is \\$100.00](#). Only 2,500 tickets will be sold.

The winning ticket will be drawn on Saturday, July 24, 2021, at 11:00 a.m. EST at Flis Performance in Daytona, FL.

Lemons of Love founder, Jill Swanson-Peltier, has a goal of “making lemonade” for those impacted by cancer.

Specially designed chemo care packages are distributed to hospitals across the country with money raised through the giveaway.

To keep things interesting before the drawing, Lemons of Love partners with several racing entities to offer mini giveaways each month.

Lemons of Love is partnering with TexTech Industries to offer ticket purchasers in February a chance to win a CarbonX Active Baselayer set of non-flammable long-sleeve top and long-john style bottoms.

The CarbonX Active Baselayer absorbs and wicks away moisture, breathing well and drying quickly to keep drivers comfortable.

As a bonus, anyone purchasing two tickets in February will receive a [FAST Cooling](#)-branded cotton t-shirt while supplies last.

Swanson-Peltier happily announced, "We are so grateful that TexTech Industries is not only our partner for the February mini giveaway but will be giving the winner of the Mazda MX-5 Cup race car a CarbonX Active Baselayer set as well!"
